

Letter From a Pilot

Dear Capt xxxxxxxxxxxxxxxx,

Good to hear from you even with your sad message.

I do recall you from Lackland Air Force Base, and cherish my time there with you and the other foreign military.

Whether I took part in the mission causing the death of your daughter—that's classified.

I will say I take responsibility. That's the warrior's burden and he must proclaim it loudly.

As to your "How many more babies, etc?"—I'll be blunt, as you would expect.

Until you do as you're told. But I'm a simple patriot, not a diplomat.

May God bless you,  
xxxxxxxx, Major, USAF
